JELLYFISH ARCHITECTURAL LIGHTING

# Welcome

Lighting in this restaurant is not just about visibility; it's about emotion and storytelling. Every corner narrates a part of the journey — from the welcoming glow at the entrance to the cozy intimacy of the dining area and the quiet charm of the tree corner. The design aims to make guests *feel something* the moment they step inside — that indescribable sense of comfort that makes them want to stay longer.

In our company, we believe that lighting is what transforms a restaurant from a space you simply visit to a place you remember. It's a delicate balance — that feeling of being “at home” while still sensing sophistication and atmosphere. Some restaurants make you want to leave after minutes, while others make you feel connected without realizing why — that's the power of light.

# Lighting Design Concept

Our concept focuses on **comfort, storytelling, and emotional balance** — blending warm tones, focused accents, and natural highlights to shape not just how the space looks, but how it *feels*. Through thoughtful layering and precise contrast, we craft experiences where architecture, lighting, and emotion speak the same language.

**Led strip cove :** Soft ambient glow defining the trees and creating warmth.

**Track lights:** Provide flexible accent lighting for focused highlights.

**Pendant Light:** Focused illumination on the table, adding intimacy.

**Decorative Lighting:**  
Adds personality,  
visual interest, and  
style; complements  
overall ambiance.

**Track lights:** Provide  
flexible accent lighting for  
focused highlights.

**Led strip cove :** Soft  
ambient glow defining  
the trees and creating  
warmth.

**Projectors:**  
Highlight the tree  
to create a  
dramatic focal  
point.

**Vertical Lines:**  
Highlight wall  
texture and enhance  
height perception.

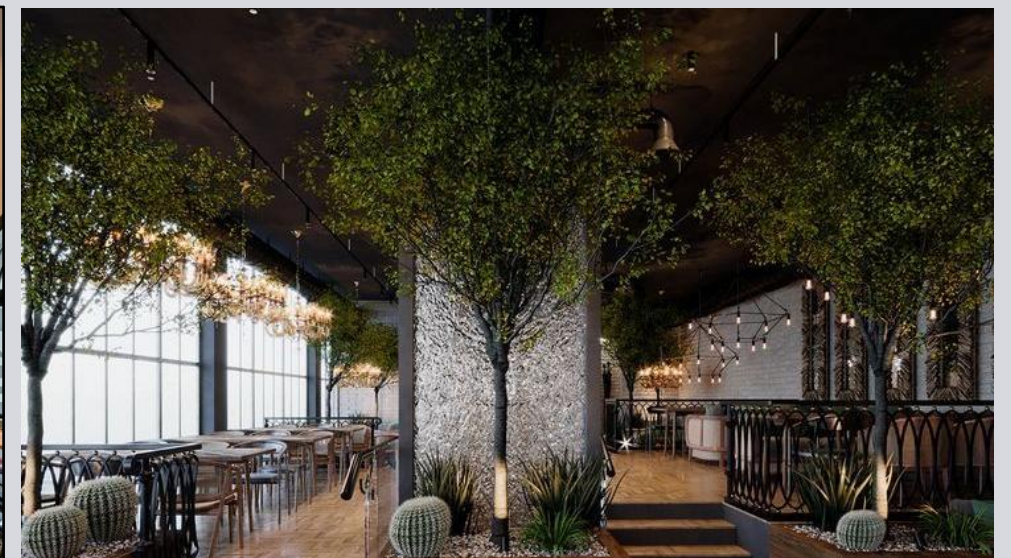

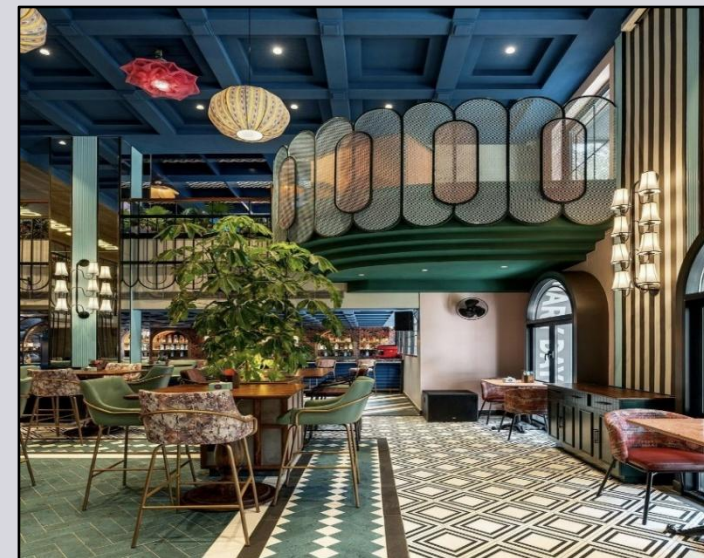

**Downlights:** Provide general  
lighting and highlight key  
surfaces with balanced  
brightness.

**Decorative Lighting:**  
Adds personality,  
visual interest, and  
style; complements  
overall ambiance.
